

EUROPEAN COMMISSION

Directorate-General for Communications Networks, Content and Technology

Components and Systems
Components

Dear Aeneas and Catrene members,

The **Brokerage Event** on [ICT-25 "Generic micro- and nano-electronic technologies"](#) as part of the H2020 Call ICT-2015 will take place on **18 February 2015 from 10h00 to 16h00** in Brussels. It is organised by the Components Unit of the European Commission Directorate General for Communications Systems, Content and Technology - DG CONNECT.

The event will have three (3) parts:

At first, we will provide call related information, addressing the Work Programme, the innovation focus, the funding instruments and the evaluation process.

Then, the floor will be open for participants for 5-minute individual presentations, offering or looking for complementary expertise or presenting proposal ideas.

The concluding networking session will be an opportunity for interaction and discussions.

By way of this email, we kindly invite you to actively take part in the event and more particularly in the Q&A, Networking and Brokerage focusing discussions with the participants and bilateral meetings.

We hope that you can participate. If so, please **register as early as possible, but no later than 16 February 2015**, by using the [online registration form](#).

Kindly note, that participation is free of charge. However, travel costs will not be reimbursed. For further information, please send an email to CNECT-ICT25@ec.europa.eu.

Looking forward to your participation,

WILLY VAN PUYMBROECK
